# Ph.D. in Sustainable Leadership

The Ph.D. in Sustainable Leadership at CMMU responds to a growing demand for scholars and management professionals in the multidisciplinary management field of sustainable development. Guided by the late King of Thailand's Sufficiency Economy Philosophy, the program develops graduates capable of contributing their research and management expertise to solve complex social problems.

## Program Plan and Courses

|        | YEAR 1                                                                                                                                                                                           | YEAR 2                                                                                                                     | YEAR 3                                                                             |
